## TO ADVERTISERS. The Free Press Recognized by Geo, P. Rowell & Co., as Ahead as an Advertising Medium.

The well known advertising agency of Geo.P.Rowell & Co., of New York City, have issued an annual Newspaper Directory for thirty years or more, and these publications have been generally recognized as authority us to the matter of newspaper circulation. In the regular issues of the Directory they have included all the newspapers published in the United States and Canada. Quite in the United States and Canada. Quite recently, however, they have issued a condensed list. It gives only the best newspapers as advertising mediums, and hence is practically better, because more convenient, than their larger Directory. Four-fifths of the newspapers of the United States are practically "counted out" by intelligent adventisary who only want to know the best yertisers, who only want to know the best. Hence the value of the work under notice. The publishers in the preface well say:

"It sifts the wheat from the chaff. It directs the attention of an advertiser toward papers which he should and ought to use papers which he should and ought to use, and tends to intercept a portion of that patronage which goes to publications which cost greatly in excess of any power to benefit which they possess. It takes the general ground, that the best is the cheapest."

We need scarcely say that on this plan,

the Free Press is given by this book (see page 158) as the advertising medium of Sau Marcos and Hays county, it being the only one on the list. We respectfully invite the attention of advertisers, both at home and abroad, to this fact.

THE CAUSE OF RHEUMATISM. It is claimed that rheumatism is sometimes inherited but it is more likely that the persons presumed to inherit it are physically constituted the same as their parents and naturaly susceptible to it. If children are differently constituted from the afflicted parent they do not "inherit it." Biliousness is as much of an inheritance as rheumatism, as persons of a bilious temperament are most susceptible to it and they of course get their temperament from their parents. Other authorities claims that rheumatism is caused by the presence of uric soid in the blood. THE OLD PRINTING PRESS. A song to the Press, the Printing Press!
Of the good old-fashioned kind.
Ere the giant machine, with its pulse of

steam, Elbows it out of mind. In the cays of yore Our fathers hear By his sturdy limbs have wrought; Of iron or oak,

His teachings spoke .
The language of burning thought. A song to the Press, the Printing Press!
As the carriage rolls merrily along
His stout sides groan, as the bar pulls home,
Keeping time to the pressman's song;
And the crisp, wet sheet
On its errand fleet
By anxious hands is sped.
Though oft alsowhere

Though oft elsewhere It may sorrow bear, To the printer's home brings bread!

Press!
Though his days be numbered now,
A fond heart weaves of the laurel leaves
A garland to deck his brow. Though the giant machine
With his pulse of steam
Has doomed his form to decay,
